COMMENTS

- ⊙ A very inspiring and satisfying day
- ⊙ ...informative, uplifting and just plain fun!! Looking forward to the next one!!
- ⊙ Would have liked to have the link to the website in all the emails b/c I had a hard time finding the address.
- ⊙ This is so important and I hope it continues to grow and become an institution in the L.A. vocal scene!
- ⊙ The communication with my colleagues was also helpful and informative
- ⊙ We needed to have the "getting to know you" session earlier in the day.
- ⊙ The construction noise was a bit annoying and it was a little hard to hear in the sanctuary. Also it would be nice to walk to get lunch.
- ⊙ Wonderful retreat. Collegial, supportive participants. Lauri's presentation was exceptional and so inspirational.

Thank you
